1. Thank you, please.

2. You thank Me by leading.
Stand, arise, lead; lead in your humility.
You thank Me by leading.

3. There shall be none like you/before you or after you. I have commanded it. And I give you Me and I give you My word. And I love you and I love you deeply and I thank you for your heart that cries after Me; and wants only My for you; My will for you, My heart for you. You look for My eyes. You look at My hair and you know when I look in your eyes.

4. You have said, "I give You Me" a thousand times, and now I give you Me, ten thousand; and that doesn't even register. I love you. That's only the beginning. My eyes behold your glory; the glory I have given you; the glory I have given My Son.

5. Tell them I love them. Tell them I ache for them; I sing to them; I bring My caress. "You are My love" tell them all. Do I have eyes for another? If only they knew; if only My body knew what I have/what Father has prepared; the feast of delicacies beyond-finite; transparent and trans-peering. I love you and I give you Me all; all times/all places/all ways/always. I love you.

6. **Stand and lead, and that's how you thank Me** for you walk and you roam now not in random; but yea in Father's heart/veins, yea the direction, purpose and tenacity; and Ted, joy and laughter and hugs from many like this morning and more. I love you.

7. I love you. My body I love you; My Queen, My royalty; in whom I appear so quickly. I thank you for raising the standard of My standards not imposed by men and their mind; but yea the authority of meekness, the authority of love, the authority of one whose life is given for many; the authority of that love casts out all fear, casts out all pretense; disarms, and yea respects, and opens tenderly the hardest of stone.

8. I love you. I give you My heart. I give you My heart. I give you My heart. I give you everything, everything, everything, everything, everything, everything, everything; everything I place in the hands of who want Me this much; and more.

9. I see then we have just begun; we begin now. Are you ready to begin now? Have we begun? We have begun. We rise. We lead. We share much and many and times so precious; intimacy beyond intimacy; My lover loved/loving. Thank you. My Me brought forth; a woman who loves a man; a man who loves a woman; one that is one'd; yea one is; and not knowing apart/separate, but yea you one are. I love you. Me'd and Me'ing others, now and forever-ternity. I love you. I give you Me, My kiss, My hug; My revelry in tenderness not; but yea My revealing Me in all of My tenderness and all of yours, that you now show My body.

10. Thank you My Friend, My Lover, My One; My leader, one of many raising many leaders; who raise many leaders who leaders are: who raise leaders; and yea are there any not?

11. I love you. I give you Me at a moment's notice/at will.
I am thine, surrendered. I am fully, fully yours. You are Mine.
We are one and we sing and we dance now forever.

12. Thank you My Valentine.
I love you. I love you. I thank you. I love you.

13. I answer every question that you've given Me these days forthwith/haste not.
